

## Eastern University

A Leader in Quality Education

### The Advisor's Note

The Eastern University Newsletter henceforth to be known as EU Newsletter is a semestral publication. It comes out regularly at the start of a new semester and is presented on the Orientation day of the semester and distributed among newly admitted students and their guardians. The EU Newsletter is basically a broadsheet on the happenings that take place in the previous semester. The Newsletter actually provides a glimpse of what Eastern University stands for and how it functions through the semesters. As a university, EU naturally puts emphasis on the academic grooming of the students, but it puts equal emphasis on the extracurricular activities so that students not only become knowledgeable and scholarly, but they are also groomed to be smart, self-confident and dynamic. The Newsletter records the academic and extra-academic activities of the students, teachers and office staff in order to enthuse all, particularly the students so that they do the same when their turn comes.

I wish the EU Newsletter well and congratulate the members of the faculty and the staff who worked tirelessly to bring it out.
